

**DIANE OGDEN**

UX Designer

[cyan-diane.com](http://cyan-diane.com)

As a resourceful visual communicator, I construct designs through collaborative user experiences. I would like to leverage my skills by conceptualizing within a team setting to develop intuitive designs.

## EXPERIENCE

**9LENSES** Sterling, VA

**2016 UX Designer**

UX, UI, Currently iterating interactive designs for the 9Lenses enterprise platform. Creating documentation for UI elements, researching interface styles, and developing agile navigation guides.

**FREELANCE** Fairfax, VA

**2015 - 2016 Freelance Designer**

Created UX, UI, visual and graphic designs for multiple clients. Developed Hi-fidelity wireframes and prototypes.

**SANDBOXX** Crystal City, VA

**2015 UX Designer**

Applied UX methodologies of surveying and interviewing users to create visual designs that improved the usability of their app letters.

**AKIMA** Herndon, VA

**2011 -2015 Graphic Designer**

Collaborated within the proposal, marketing and business development departments to serve 33+ subsidiaries with designs. We created imagery and identities by reinforcing their messaging with their branding. Capabilities include: proposal graphics, logo design, style guides, branding, UX & UI web design, print collateral ranging from business cards to wide format prints, multi-page brochures, web graphics, photography, photo editing, art direction and typography.

**MBC** McLean, VA

**2002 – 2009 Lead Graphic Designer**

Worked to develop a communications team that promoted the needs of a wide variety of departments with different genres. We developed and mass communicated their specific branding and identities. Responsible for creating print promotions such as club cards, posters, flyers, brochures, packaging, books, book covers, signs and event advertising. Developed continuity for designs by expanding themes for conferences, large scale events and departments in terms of web, presentation graphics, audio and lighting.
